PLATE REGISTRAR – Greg

Neil's car – ANSMA website, what to do, and when to send the form. Greg puts club stamp on to application to prove you are a financial member. There was a hiccup this time with one of our members Neil. Neil did the right thing and send off correct paperwork to ACMC after club signed. The problem was on their side, their staff did not update our club membership affiliation details, as they said we were not an affiliated club. To cut a long story short we are affiliated as we paid our membership last year. This has been rectified and we are now on the list. This process is for new registration and conditional plates. Hopefully this will not happen to anyone else.

*** **Pink slips are required as per our constitution** *** Our constitution also requires a photo of your car for its first registration and then redone if there has been modifications.

Please look on our website under Club Matters – forms you might need for the correct forms for your registration. Read the parts applicable to you and action them asap so your renewal from RTA will not be delayed. New Registration – Print out form Renewal – they will give to you at RTA.

To be a financial member of the club, if your vehicle is on Historic or Conditional registration, you are required to attend 3 events a year and 1 meeting. That is, if you have not already filled your obligations this financial year, you have to June AGM to do so.

Greg & Brian will speak to any members not fulfilling obligations and inform them (this is the way it is).

Accepted by Mark & Janice.
