

## Club Run—Fighter world Sunday 11th August 2019

On a windy cold Sunday morning , a hearty group of members assembled at BP Beresfield for hot coffee and a chat before hitting the road for a leisurely drive to RAAF Williamstown to view “Fighter World” .

This is a museum to preserve and display historical material relating to fighter operations in the Royal Australian Air Force and increase public awareness about the role of fighter aircraft in the defence of Australia.

After we had exhausted our stay, we found most of the girls in the Café drinking hot coffee, we did a photo shoot and then headed off to The Macadamia Farm in Medowie for lunch.

A great venue and we had the back annex to ourselves, so much laughter didn't upset any of the other patrons in the main café

All in all, a great day out, it was nice and warm in my car.
